"Women and Men on the Overland Trail is recommended reading. In it John Mack Faragher combines lively style with an interesting perspective. This is a useful and important book because it attempts to make a scientific study of overland trail narratives written by men and women on the Oregon/California Trail."—Barbara Burgess, *Overland Journal*

Thousands of women, therefore, trudged the Overland Trail after 1840 when the great westward migration took off. Most of these women were married, and while some were forced to make the move, many others insisted on accompanying their men, for they were determined to maintain family unity despite the great potential risks to their health and ...
