Writing assessment refers to an area of study that contains theories and practices that guide the evaluation of a writer's performance or potential through a writing task. Writing assessment can be considered a combination of scholarship from composition studies and measurement theory within educational assessment.

## **Writing assessment - Wikipedia**

Writing assessment refers not only to evaluating a student's final paper and assigning it a grade, but also to measuring a student's knowledge of the elements of writing we have taught him. Assessment is a crucial part of the instructional process and of a student's growth as a writer, but it also demands much of the teacher.

As skilled writers read and revise, they consider their work from a potential reader's perspective. Readers are educated people who read what you write because they want to know what you have to say. Because reading is difficult work, writers are obligated to meet certain standards that engage readers and reward them for their attention.
