The astonishing hypothesis: scientific search for the soul ...

About this title. Traditionally, the human soul is regarded as a nonphysical concept that can only be examined by psychiatrists and theologists. In his new book, The Astonishing Hypothesis, Nobel Laureate Francis Crick boldly straddles the line between science and spirituality by examining the soul from the standpoint of a modern scientist, basing the soul's existence and function on an in-depth examination of how the human brain "sees."

FRANCIS CRICK THE ASTONISHING HYPOTHESIS PDF

The Astonishing Hypothesis is a 1994 book by scientist Francis Crick about consciousness. Crick, one of the co-discoverers of the molecular structure of DNA, later became a theorist for neurobiology and the study of the brain. The Astonishing Hypothesis is mostly concerned with establishing a basis for scientific study of consciousness; however, Crick places the study of consciousness within a larger social context. Human consciousness according to Crick is central to human existence and so scie

Review of 'The Astonishing Hypothesis: The Scientific ...

An idea here is nicely summarized by the Nobel prize winning biologist Francis Crick, he calls it the Astonishing Hypothesis. As he writes, the Astonishing Hypothesis is that You, your joys and your sorrows, your memories and your ambitions, your sense of personal identity and free will, are in fact no more than the behavior of a vast assembly of nerve cells and their associated molecules.

The task facing a defender of Crick's astonishing hypothesis is to show how these questions are somehow misconceived. But this is a philosophical task, not a scientific one. Unfortunately Crick is...

BOOK REVIEW / Chemistry and an attack of nerves: 'The ...

In his book the Astonishing Hypothesis he tackles a topic hardly less complex, the origin of awareness. Although the subtitle would suggest that the discussion is the scientific proof for the existence of the soul--and possibly thereby the existence of God--the reader who takes up the book with this expectation will be resoundingly disappointed.
