Audiovisual Translation in a Global Context - Mapping an ...

Today's exposure to and interaction with audiovisual content is far greater now than ever before, and this has obvious repercussions for audiovisual translation (AVT), both as a professional practice and as an academic discipline. A recent report by Ofcom (2014), the independent communications regulator in the UK, revealed that UK adults spend an average of eight hours and 41 minutes using media or communications every day, and that approximately half of that time is spent watching ...

But it also means that global companies can't treat video as an afterthought. Marketing localization teams need to include experienced audiovisual professionals who know how to localize video content, animation, and audio. Like website localization, effective multimedia localization goes beyond translating dialogue and narration.
