Egypt Beyond The Pyramids | KCET

The Pyramids Of Egypt And Beyond. While a pyramid may be a simple geometric shape, these monuments with their massive quadrilateral base, rising to a sharply defined triangular point have taken on a life of their own. Predominantly associated with ancient Egypt, pyramids were first encountered in ancient Mesopotamian ziggurats, complex mud-brick buildings. The Greeks also adopted pyramids at Hellenicon although their purpose remains unclear due to their poor state of preservation and lack of ...
