the penultimate novel by the late British avant-garde novelist B. S. Johnson. It is the metafictional account of a disaffected young man, Christie Malry, who applies the principles of double-entry bookkeeping to his own life, "crediting" himself against society in an increasingly violent manner for perceived "debits".

Christie Malry's Own Double-Entry (1973) was the last of six novels published during his lifetime. One novel followed posthumously. I've read this book and his fifth non-posthumous novel, House Mother Normal (1971) and found both ingenious and satisfying.

Although those interested in experimental British novelist B.S. Johnson, who killed himself at the age of 40 in 1973, should probably begin reading this enigmatic writer with his second novel *Albert Angelo*, Christie Malry's *Own Double-Entry* is an imaginative black-comic tale of a bookkeeper's effort to

Christie Malry's Own Double-Entry is well worth reading -- both a great deal of fun and thoughtful, too.

Christie epigrammatizes that:
"The novel should now
