Exploration and Irony in Studies of Siam over Forty Years ...

Exploration and Irony is a great country study much like Language and Power, though Anderson seems less tormented by Thailand. Exploration seems more distant as Thailand is analyzed through a series of "objective" historical conditions against other countries, which serves to make the country seem less unique. One gains great comparable knowledge of Siam on a variety of issues, but what makes all those issues matter is the theoretical framework that underlies the study.

Irony as an Impoliteness Tool: An Exploration of Irony's ...

Irony and surprise are common literary devices authors use to communicate their ideas when writing literary works. Irony allows the writer to suggest an interpretation that is different from the literal meaning of the words used in the text. The element of surprise allows the writer to manipulate the reader's expectations and take them somewhere [...]
