The death of the manual focussing Minolta system was looming on the horizon. MC CELTIC 1972-75: Minolta started this low budget lens line, which was sold in North America only, in 1972 with a single lens, the 135mm 1:3.5. This lens look pretty much like it's MC II sister with a MC I style focussing grip and it lacked the meter scale.

1.8, the first release of the Bountiful Update,1 added and changed many aspects of Minecraft (Java Edition). Among many things, the update made it easier for map makers to create adventure maps, whilst using the newly added Spectator mode. It added many blocks, mobs, and a structure for Survival play. Many commands were added or extended, the world boundary became a customizable component ...
