King Death The Black Death

It is argued that the severe labour shortage that persisted for over a century after the Black Death ultimately broke the ties of feudal bondage. Written with verve and rich in detail, King Death offers an important analysis of one of the most potent instruments of change in late-medieval England, and a fascinating insight into the industry of death that pestilence brought with it.

Abstract The Black Death of 1348-1350 is without a doubt the most celebrated case of bubonic plague. By the 14th century, Christian ships, designed to withstand the choppy waters of the Atlantic year-round, passed through the Strait of Gibraltar, carrying the disease into northern realms via the fleas of the black rats that had climbed aboard.
