There are currently more than 100 nurse practitioners within the NIH Clinical Center and various Institutes. Each NP works in collaboration with a research team to provide continuity of care for patients enrolled in clinical trials.

NIH Clinical Center:

During my first clinical rotation I was flabbergasted at the amount of new information that I aquired daily. The influx of information was both exciting and overwhelming at the same time, but the challenges of each clinical day increased by desire to complete the program and become a practicing professional nurse practitioner. The most comforting aspect of my clinical rotation was the fact ...

Self-reflection of Clinical Performance - Lisa Marshall

Method Nurse practitioner assessment and management of all same-day care requests for 2 days per week was compared with normal GP management on another 2 days, over a 6-month period. Clinical management outcome data were collected from patient records and from data-collection forms completed by a nurse practitioner and GPs.
