Organizational Communication in an Age of Globalization ...

In the 1950s, organizational communication focused largely on the role of communication in improving organizational life and organizational output. In the 1980s, the field turned away from a business-oriented approach to communication and became concerned more with the constitutive role of communication in organizing.

Organizational communication - Wikipedia

During the industrial age, the focus of organizational communication was on worker productivity, organizational structure, and overall organizational effectiveness. Through this work people were interested in higher profits and managerial efficiency. Follett is often referred to as the first management consultant in the United States (Stohl).
