Packing for Mars Quotes by Mary Roach - Goodreads

Praise For Packing for Mars: The Curious Science of Life in the Void ... [Roach's] style is at its most substantial—and most hilarious—in the zero-gravity realm that Packing for Mars explores.

Packing for Mars: The Curious Science of Life in the Void ...

Packing for Mars combines a perfect blend of comedy combined with factual truth. The anecdotal form of writing and referencing throws a friendly perspective over the scientific and social challenges which plagued spaced travel since its inception.

Packing for Mars: The Curious Science of Life in Space ...

Following her wildly popular Bonk: The Curious Coupling of Science and Sex (2008), Roach explores the organic aspects of the space program, such as the dangerous bane of space motion sickness and the challenges of space hygiene...An impish and adventurous writer with a gleefully inquisitive mind and a stand-up comic's timing, Roach celebrates human ingenuity (the odder the better), and calls for us to marshal our resources, unchain our imaginations, and start packing for Mars."
