Private Equity How The Business

Private equity (PE) is ownership or interest in an entity that is not publicly listed or traded.

Understanding Private Equity (PE) - Investopedia

The private equity industry grows businesses, supports local jobs and improves communities across the United States. At the same time, the industry delivers long-term returns to investors, traditionally outperforming public equity and bond markets over long investment horizons. Private equity invests capital in companies that are perceived to have growth potential, and then works with these companies to expand or turnaround the business.
