UN Live United Nations Web TV

The United Nations television film series was a series of American television films planned and developed in the 1960s for the purpose of promoting the United Nations and educating television viewers about its work. Although six films were originally planned only four were broadcast, all by the American Broadcasting Company network between December 1964 and April 1966. The series was funded by corporate sponsor Xerox and involved many notable producers, directors, writers, and actors, including

T-Mobile Un-Clusters TV with TVision Services | Business Wire

Taking the Un-carrier Fight to the Cableopoly. In the midst of COVID-19, we're watching more than ever — TV viewing is up 74% year over year. And while Americans love TV, they're no fans of TV providers. Out of 46 industries ranked in the American Customer Satisfaction Index, cable TV ranks dead last. In a recent survey, nearly 40% of respondents said they would rather get a root canal than deal with a cable company.
