The Art and Science of Hotel Valuation They call it "real estate," but assigning a cash value to a business is — at least partly — an imaginary exercise that requires assigning a dollar figure to intangibles such as "desirability" and "charm."

The Art and Science of Hotel Valuation - Hotelier Magazine

And primary among those pitfalls, especially for CPAs, is the reality that business valuation, by its very nature, is as much an art as it is a science. Perhaps the most important difference between business valuation work, and the more standard accounting staples of audit and tax work, is that business valuation is still less defined.
